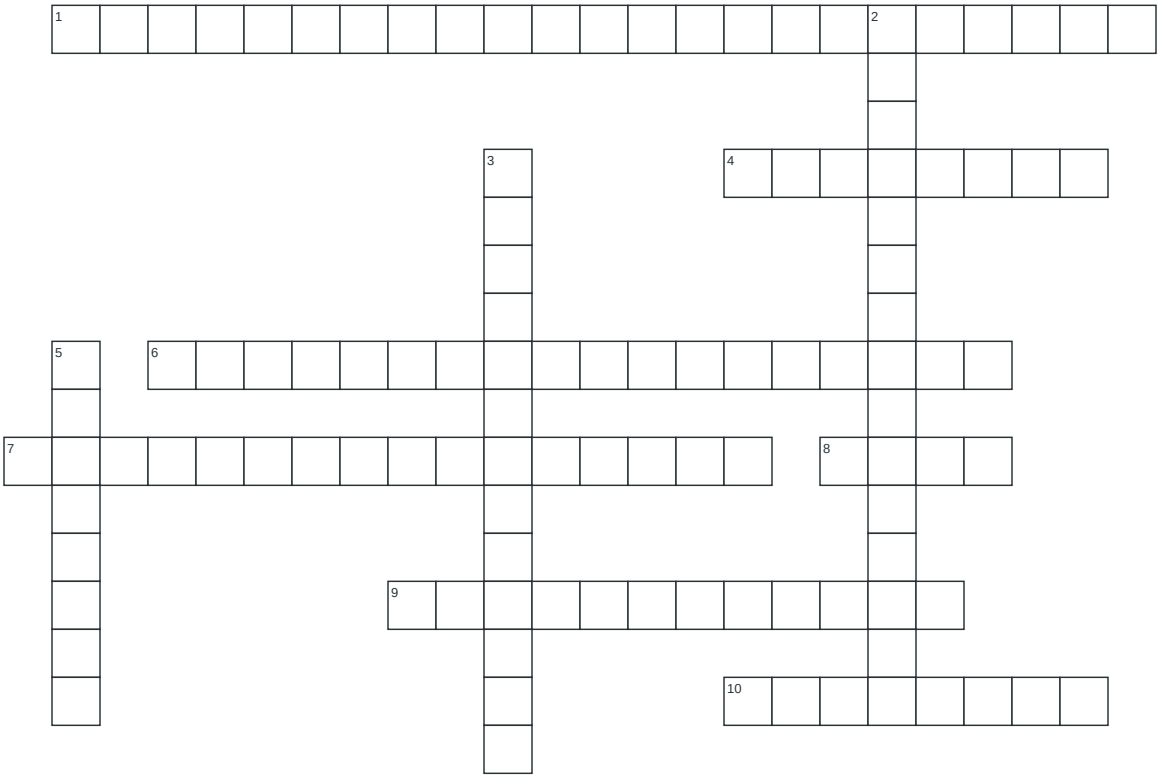
Gravity and Circular Motion Crossword

Easy | 10 clues | Student Worksheet

Name: _____ Date: _____

Directions: Use the clues to complete the grid. Omit spaces, punctuation, and hyphens.



ACROSS

1. Becomes one-fourth as large

4. Two identical masses move from separation r to separation 3r. What fraction of the original gravitational force remains

6. A description of gravitational force per unit mass at each location

7. Inward net force that keeps an object moving along a circular path

8. Measure of the amount of matter in an object

ACROSS (continued)

9. Process by which gravitational force change if one mass doubles and separation stays fixed

10. The total length of a traveled path

DOWN

2. A ball's supporting string breaks during horizontal circular motion. Neglect other forces for the instant afterward. Which direction does it initially move

3. Time required for one complete orbit

5. Motion in which gravity is the only force acting

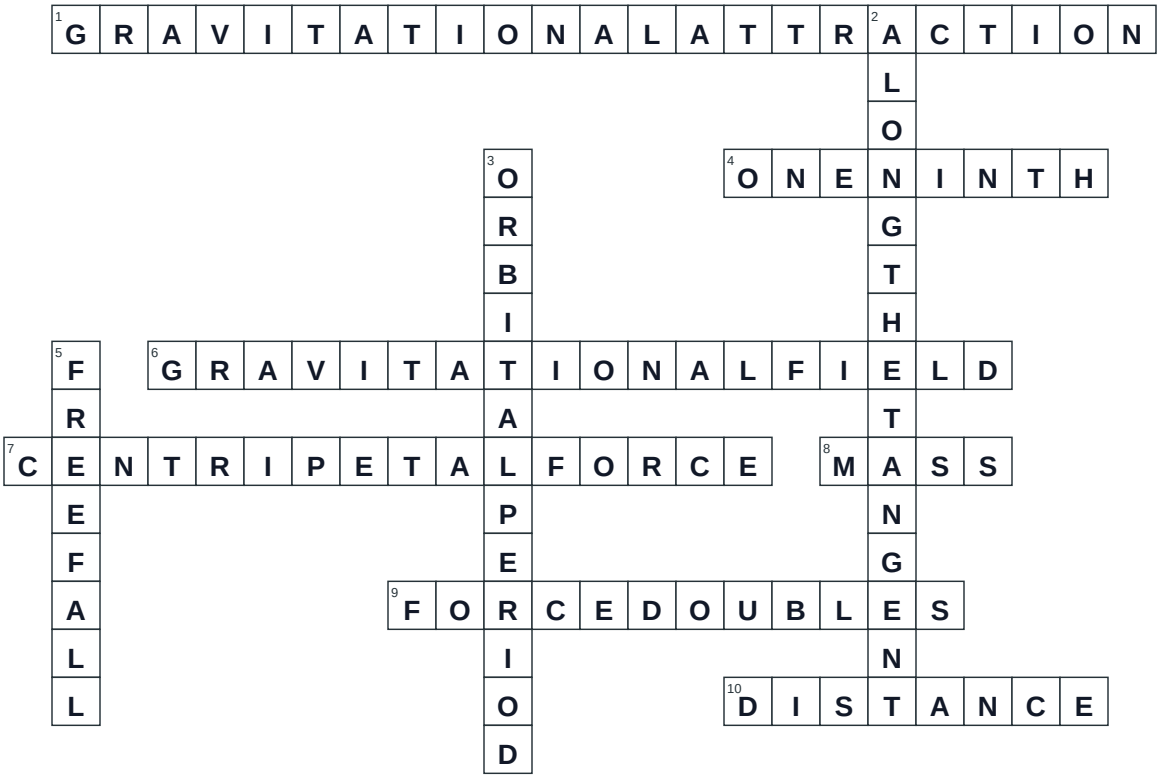
Gravity and Circular Motion Crossword

Easy | 10 clues | Teacher Answer Key

TEACHER ANSWER KEY

Completed grid and numbered answers. Spaces and punctuation are omitted in the grid.



ACROSS

1. Gravitational Attraction
4. One-ninth
6. Gravitational Field
7. Centripetal Force
8. Mass
9. Force Doubles

ACROSS (continued)

10. Distance

DOWN

2. Along The Tangent
3. Orbital Period
5. Free Fall
