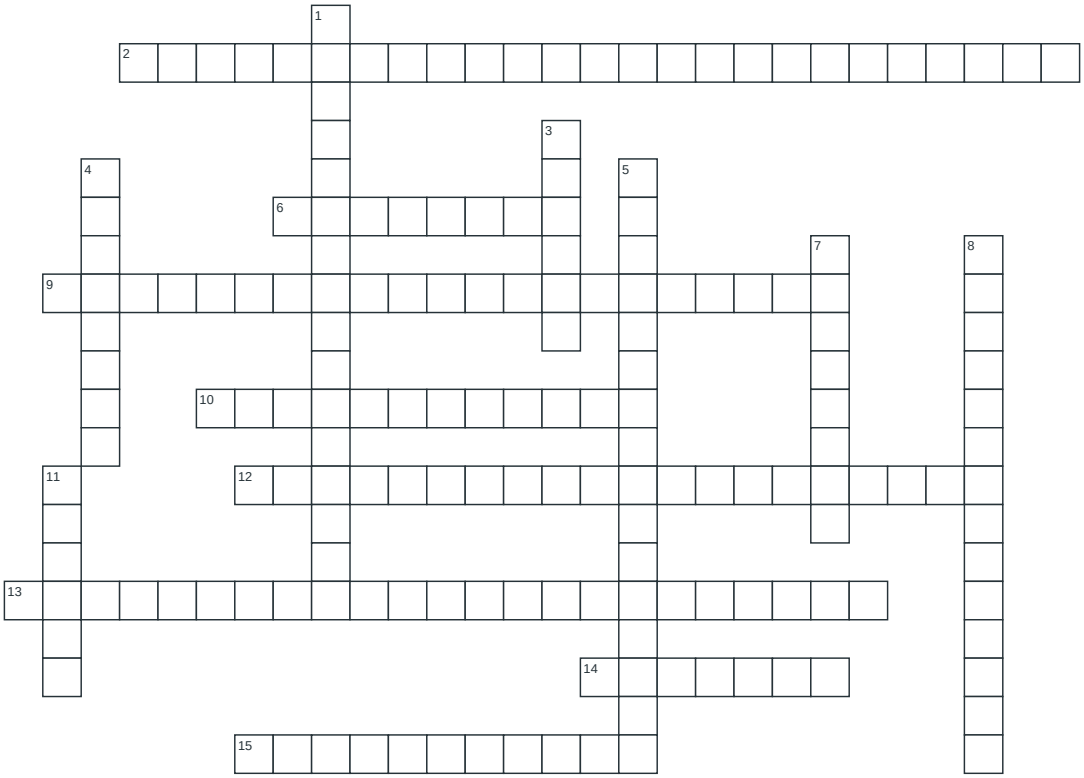
Atmosphere and Air Pressure Crossword

Medium | 15 clues | Student Worksheet

Name: _____ Date: _____

Directions: Use the clues to complete the grid. Omit spaces, punctuation, and hyphens.



ACROSS

2. Two nearby areas differ in pressure. Ignoring rotation and friction, which way is air accelerated

6. Water vapor in the air

9. Drives horizontal air motion from pressure differences

10. Atmospheric layer above the troposphere that contains the ozone layer

12. Definition of atmospheric pressure primarily caused by

13. Two air samples have the same temperature and volume, but one contains more gas particles. Which generally has greater pressure

14. Atmospheric conditions at a particular time and place

15. Lowest atmospheric layer, where most weather occurs

DOWN

1. Change in pressure over a distance

3. Element whose gas is used in aerobic cellular respiration

4. Gas that makes up the largest fraction of Earth's dry atmosphere

5. Warm air over land rises while cooler sea air moves inland at the surface. What circulation is described

7. Term that describes the temperature at which cooling air reaches water-vapor saturation

8. Deflects its path through the Coriolis effect

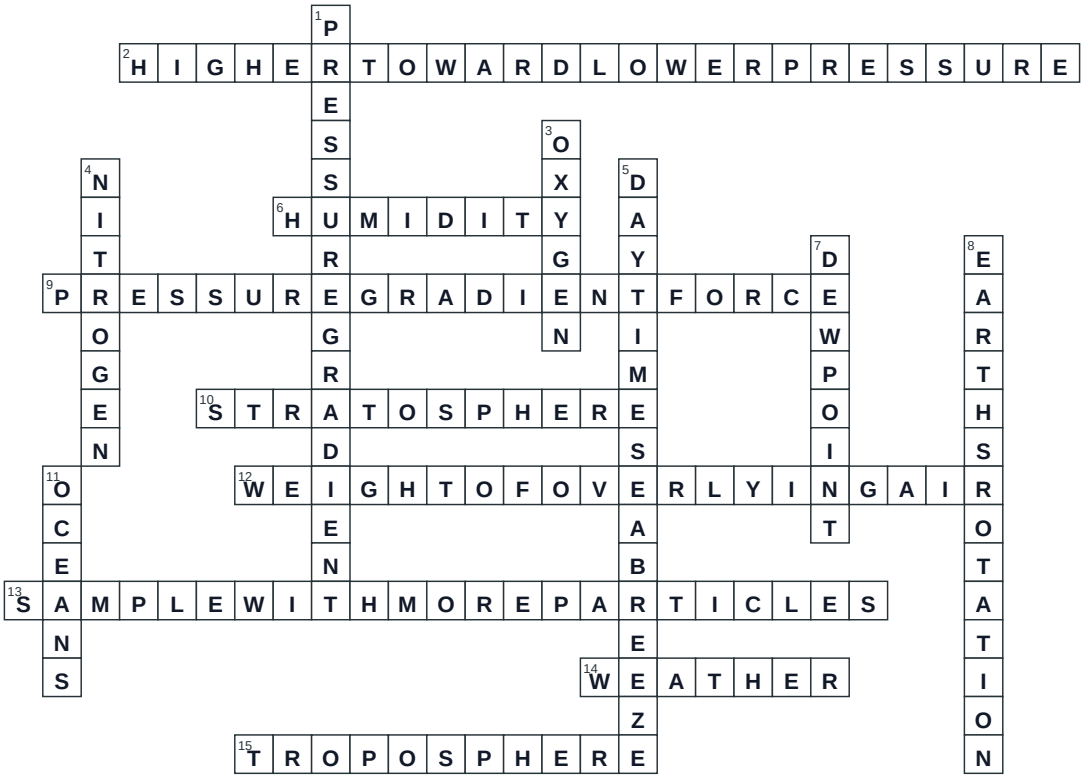
11. Reservoir contains most of Earth's water

Atmosphere and Air Pressure Crossword

Medium | 15 clues | Teacher Answer Key

TEACHER ANSWER KEY

Completed grid and numbered answers. Spaces and punctuation are omitted in the grid.



ACROSS

2. Higher Toward Lower Pressure
6. Humidity
9. Pressure-gradient Force
10. Stratosphere
12. Weight Of Overlying Air
13. Sample With More Particles
14. Weather
15. Troposphere

DOWN

1. Pressure Gradient
3. Oxygen
4. Nitrogen
5. Daytime Sea Breeze
7. Dew Point
8. Earth's Rotation
11. Oceans
